

Materiality	Key Sustainability Topics	Examples of Medium-Term Actions
<p>Achieve sustainability in a circular economy</p>	<p>Decarbonization initiatives</p>	<p>Using renewable energy and energy-saving equipment and facilities, removing greenhouse gases, engaging suppliers, and pursuing carbon-free logistics</p>
	<p>Closed resource loop initiatives</p>	<p>Using resources effectively, minimizing product loss, ensuring long use of products (refurbishment, reuse, etc.)</p>
	<p>Reducing the environmental impact of customers</p>	<p>Reducing power consumption, extending service life (providing long-term corrective maintenance), scaling down production equipment</p>
	<p>Environmental technology development</p>	<p>Applying Dry Fiber Technology, using naturally derived (plastic-free) materials, recycling raw materials (metals, paper)</p>
<p>Advance the frontiers of industry</p>	<p>Improving productivity through digitization and automation</p>	<p>Transitioning to distributed production, local production, and low-volume high-mix production; driving printing innovations; supporting diverse customer needs; innovating production processes and printing processes through the application of inkjet technology</p>
	<p>Improving the work and education environments</p>	<p>Creating clean, space-efficient workspaces, relieving labor shortages through automation, supporting remote learning and remote work, creating a fair and high-quality learning environment</p>
<p>Improve the quality of life</p>	<p>Enriching diverse lifestyles</p>	<p>Providing personalized health support and safety services that reassure; providing products that are immediately adaptable to lifestyle changes</p>
	<p>Realizing lives that are rich, dynamic, and interesting</p>	<p>Providing products such as high-quality watches with appealing designs, expanding products and services in spatial design and art</p>
<p>Fulfill our social responsibility</p>	<p>Increasing stakeholder engagement</p>	<p>Responding to needs and social demands by strengthening dialogue with customers, shareholders, investors, suppliers, NGOs / NPOs, international organizations, employees, and potential stakeholders</p>
	<p>Realizing responsible supply chains</p>	<p>Carrying out socially responsible activities that promote human rights and good environmental practices throughout the supply chain, and stably providing customers with products and services by strengthening business continuity management</p>
	<p>Respecting human rights and promoting diversity</p>	<p>Preventing harassment and respecting human rights, utilizing human resources in a way that respects diversity, recruiting and developing human resources, and creating a free and open organizational culture</p>
	<p>Strengthening governance</p>	<p>Accelerating and ensuring the transparency of management decision-making, improving the risk management system, ensuring 100% compliance, and strengthening information security</p>
